The appended printed material  
expresses precisely my opinions and  
my pleas to you.

Please give it your earnest consideration.

- FDA must do more than put **Bacteria warning labels on egg cartons and regulate egg refrigeration temperatures.**
- FDA should prohibit the practice of forced molting because **forced molting has been scientifically shown to promote disease by destroying the starving hens' immune systems.**
- FDA has jurisdiction to ban farm practices, such as forced molting, that injure human health.
- FDA must ban the forced molting of laying hens because **forced molting is a primary cause of infectious diseases in hens, eggs, and consumers of eggs. THE CRUELTY & CONTAMINATION ARE LINKED!**
- FDA was petitioned in April 1998 to ban forced molting. This petition should be granted without further delay.

Thank you.

Yours truly,-

Helen Boigon
